

The Maasai-family of Salash Ngulik welcomes you in Loiborsoit A.

The family will cook traditional food for you and make your stay unforgettable.

Young Maasai warriors (morani) from the family or the village offer walking safaris into the surrounding area, and will introduce you to their amazing culture.

„ENKAINA-E-RETOTO“

is an independent group, not related to any political, religious or other organisations. Our aim is to help Maasai people to conserve their rich cultural diversity. This includes helping different tribes and ethnic groups in Tanzania/East Africa to achieve a peaceful co-operation, in order to fight hunger, poverty and illiteracy.

Our projects also help the National Park Authorities in protecting the breathtaking fauna and flora of Tanzania, which is a regional interest for all ...

## KWETU UMASAINI

Welcome to  
**ENKAINA-E-RETOTO**

[www.massailand.com](http://www.massailand.com)

Our main office and small educational centre is located in the Simanjiro-District, near the village Loiborsoit A, approximately 80 km from Arusha Town.

Simanjiro-District is situated in the centre of the Great Maasai Plain, near the River of Tarangire and Tarangire National Park.

In the heart of the Great Maasai Plain, next to a family Maasai boma (enkang), you will find a quiet and clean place to stay.

The house provides a few guest rooms with single or double beds. All rooms are with a shared bathroom and toilet.

You can cook meals in the fully equipped kitchen, or enjoy the local food served by the Maasai-family.

The living room brings people together who are interested in our „ENKAINA-E-RETOTO“ projects and in the Maasai culture.
